Travel Notice

Luxembourg, 10 November 2026

Spain

A national strike has been announced in Spain for tomorrow, Wednesday 11 November 2026, which is expected to affect multiple sectors across the country, including aviation and ground handling services. Luxair passengers returning from Spain are strongly advised to arrive at least three hours before departure, and passengers departing from Luxembourg to be at the airport in good time, as longer waiting times and some delays are possible.

Portugal

In addition, severe weather is expected to cause significant disruption in Portugal, with heavy rain and winds of up to 120 km/h forecast from Wednesday morning, 11 November. Passengers travelling to or from Portugal are advised to check the status of their flight before leaving for the airport, as delays or changes to flights are possible.

Luxair is closely monitoring both situations and taking all possible steps to minimise disruption and provide a service that is as smooth as possible. Luxair will communicate any changes directly to affected Luxair and Luxairtours customers through the contact details provided in their booking.

Luxair apologises for any inconvenience that may result from circumstances beyond the airline's control and thanks passengers for their understanding.
