

**Press Release** 16 June 2026

## **Luxembourg continues its commitment to Eurovision**

RTL Luxembourg welcomes the decision of the Government to approve Luxembourg's participation in the Eurovision Song Contest for the next three editions.

This decision provides the visibility and stability needed to continue developing the Eurovision project in Luxembourg and to strengthen the country's presence on the European music scene.

Since its return to the competition in 2024, Luxembourg has regained its place within one of the largest entertainment events in the world. RTL Luxembourg intends to continue this momentum by offering the public a unifying project that promotes creativity, cultural diversity, and Luxembourg's visibility beyond its borders.

In this context, the next edition of the **Luxembourg Song Contest** (LSC), which will select the artist representing Luxembourg at Eurovision 2027, will take place on **30 January 2027** at the Rockhal in Esch-Belval.

Details regarding the organisation of the contest and the call for applications will be communicated in July.
